

Budget Rent a Car in the Arab region

Overview of the 9 countries, who runs Budget in each, and how to reach them

Budget in the Middle East

Budget Rent a Car is one of the world's largest car rental brands and is part of Avis Budget Group. Budget's Middle East portal (budget-arabia.com) lists nine Arab countries: **Saudi Arabia, United Arab Emirates, Kuwait, Qatar, Bahrain, Oman, Jordan, Egypt and Lebanon**. In each country Budget is run by a local licensee (a local company that operates the Budget brand), with its own website, phone numbers, prices and rental rules.

A rental is always handled by the Budget company of the country where the car is picked up. Budget Saudi Arabia offers free international reservations to any Budget location worldwide, so a customer in Saudi Arabia can book a Budget car abroad through Budget Saudi. Budget Saudi loyalty points are not earned on rentals outside Saudi Arabia.
